Support Center for Child Advocates
Help Us Collect Client Care Items!

Support Center for Child Advocates is collecting personal hygiene items and school supplies for its teen client base. Moving frequently through foster homes and other care facilities means that basic personal hygiene items can easily become overlooked or lost amongst so much movement and change in our young clients’ lives.

By providing a simple gift of a personal hygiene or school item, you can make all the difference in the world for the health and well-being of our teens and young adult clients! Please see below for a list of items we are seeking by 11/1/17.

Our Mission Statement

To advocate for victims of child abuse and neglect with the goal of securing safety, justice, well-being and a permanent, nurturing environment for every child.

About us

The Support Center for Child Advocates (Child Advocates) provides legal assistance and social service advocacy for abused and neglected children. Child Advocates is one of the most successful volunteer models serving children in the country. Since its founding in 1977, Child Advocates has trained more than 8,000 attorneys who contribute pro bono services valued at more than $5.1 million annually.

The vast majority of Child Advocates’ children come to us because they lack the stability of a permanent home environment. Over the last three years, we hit the mark in more than 90% of the cases we closed, offering these children safe and caring homes—sometimes for the first time in their young lives! We are proud to have delivered so consistently. Still, there is more to be done.
